

# 10 WAYS TO FIGHT THE WINTER BILLS

Prepare Now For The Winter Season • Take Steps To Keep Heating Costs Down

**1 Professional Planting Protects Your Home and Protection of Your Evergreens**

**Ocean Bay Nurseries**  
Rte. 3A, Cohasset

1) Application of anti-desiccant material — controls loss of water through leaves — apply late fall

2) Protect against snow, ice damage — wrap evergreens with cord; wrap in burlap.

383-6944

**2 Attic Insulation — Roofing — Gutters — R. Brynes Home Construction, Inc.**

The middle of winter is not the best time to work on your home. Look around your home now and assess the work to be done. Proper maintenance and repair work will prevent leaks and result in less damage to the area of your home.

Insulate your attic — one of the BEST steps you can NOW take against loss of heat.

383-6790

**3 Wood & Coal Burning Stoves —**

**Mr. Beam, Rte. 3A, Cohasset, 383-6060**

Try an excellent, safe alternative method of heating your entire home this winter. See the fine selection of wood and coal burning stoves at Mr. Beam.

**4 Insulating windows & doors —**

**Edward Goff Co., Ripley Rd.**

383-0223 — 545-6311

Thermostat at 80°?

Room temperature at 60°?

You need thermal Barrier aluminum replacement windows and doors. Drafty, rotted wood windows are expensive to maintain and eat up fuel. The new twin window is draft free — easy to operate — tilt sash, no binding or sticking.

**5 Home Improvement Loan —**

**Scituate Federal Savings & Loan Association**

Front St., Scituate

Protect your investment — Investment in a home is the average family's largest asset — well worth protecting! Usually home repairs and improvements you put off cost more later on (and the money you put into well-planned improvements now will save money in the end). So, if you're looking to insulate, install storm doors and windows or any number of energy savings improvements, come and see us first. Scituate Federal Savings & Loan Assoc., Front St., Scituate, 545-0016

GREATEST SAVER MADE!

**6**
